### EXPERIENCE

---

**Volunteer Full-stack Web Developer** | Unravel Church – San Jose, CA March 2024 – Present

- Designed and developed a responsive web application with **Next.js**, **MySQL**, and **AWS RDS**
- Worked closely with church staff to understand requirements and develop a website that enhances user experience and fosters community engagement
- Managed deployment and hosting on **AWS Amplify** and maintained version control with **Git**.

**Freelance Full-stack Web Developer** | éblouissant April 2024 – July 2024  
*E-commerce platform for clothing*

- Developed a dynamic, responsive e-commerce platform for browsing, searching, and purchasing clothing items using **Next.js**.
- Designed and optimized **MySQL** database schema to efficiently manage products, customers, and orders.
- Integrated a **RESTful API** for user authentication, product management, and order processing.

**Full-stack Developer Internship** | Webrix – Busan, Korea March 2022 – June 2022

- Built scalable web solutions using **React** and **MySQL**, focusing on performance and scalability
- Enhanced UI/UX by implementing dynamic, responsive features with **HTML5**, **CSS3**, and **JavaScript**
- Gained hands-on experience with version control using **Git** and collaborated with senior developers in an Agile environment
